

Steps for Hosting a Home Show Party with ServLife Store Products:

1. Place your order with ServLife for the products you want to show. (Home Show orders must be made via telephone with a ServLife staff member and cannot be ordered through the online shopping cart. **Contact us by phone, 317-544-0484**, and we will assist you.)

2. After calling the ServLife office, ensure you have access to the ServLife Store online, and we will then walk you through selecting products from the online store and take your order over the phone. We will obtain credit card information from you initially as a security deposit for the products, and no charges will be made to your account until your party activity is reconciled. People will pay you directly for the products at the home show party (and you will keep the cash, checks,..) and we will then charge your credit card for those purchases. (If you live in Indiana, you must charge an additional 7% for sales tax on the order) You will not be charged for unsold merchandise and you can return those products back to ServLife. All unsold products must be returned to ServLife within a month after you receive them. Your credit card will be charged for any unreturned products.

*ServLife will pay the shipping cost to send you the products, but you will be responsible for paying shipping costs to return the unsold products) If you have any questions on this process, please contact us at our office number above.

2. Pick a date that is convenient for you and won't conflict with other events your friends may be attending. We recommend giving them about two weeks notice.

3. Pick a location that is conducive for a group gathering. If your house or apartment is too small, do you have a friend who would agree to have it at their house?

4. Mail (or hand deliver) the ServLife Home Show Party invitations. (ServLife will provide via email, an invitation template, along with other promotional materials that you can print off and use.)

5. Have coffee and snacks of some kind when your friends come over for the big night. Enjoy the fellowship of the evening while you help those who made the products you are showing. This is providing true economic benefit to many who have been oppressed and are working hard to build a better life. You might have a theme for the evening. Food or dress from other countries, etc. Also, consider having a time of prayer, thanking God for the resources to buy these products and interceding for those who made them.

6. It also might prove helpful, if you have access to a computer, to have the ServLife Store on your computer screen. It may help answer any questions that come up regarding the products, especially when it involves the jewelry, and if people want to see or order additional products, they can do so through the online ServLife Store there at your party.
